

Press Release – Madrid, October 2025

## **C!PRINT MADRID OPENS REGISTRATION AND ANNOUNCES ITS CONFIRMED EXHIBITORS TO DATE**

The next edition of C!Print Madrid will take place from January 13 to 15, 2026 at IFEMA MADRID, marking the start of the calendar for professionals eager to experience firsthand the latest innovations in printing, visual communication, and personalization. Celebrating its tenth edition, the event once again positions Madrid as a key hub for innovation and business in the Iberian Peninsula. With registration now open, the trade show already features more than 120 national and international exhibitors — from leading industry brands and distributors to new participants reflecting the diversity, dynamism, and transformative spirit of a sector in constant evolution.

### **THE IBERIAN MEETING POINT FOR TECHNOLOGICAL INNOVATION**

Among the exhibitors showcasing innovations in large-format printing, post-printing, and cutting solutions are: **Digidelta - Mimaki, Epson, Antalis, Yberia Inkjet Solutions, Fujifilm, Konica Minolta, Roland DG, swissQprint, Endutex, Digital Market, TAS Premium, Sugraf, Poster and Panel, Tintas y Soporte, VZZ Comunicación Visual, Soluciones Integrales del Rotulista, DHP Comerpa, Ferpa Graphic, Lagom Group Printing Solutions, Opq Systems, All for printing, Cyan, EMG, ST-Control, Trotec Laser, Forsstrom, Framun Techno, Nomadtech, Widinovations, and Zund Ibérica**, who will present advanced solutions for professional and creative production.

Also confirmed are specialists in gifts and garments personalization, including **Grupo FB – Brother, Tajima DST, Cabolisan, Hatapress & Garments, Konfiwear, Sublimax Pro, Sublimet, Modico Graphics, Alfa, Ezedichi, M2M Sistemas, Melco, Color-Dec, ID Gamax, Xprin - Grupo SDT, Euninos, Happy Japan, J.Puyol, Kor Distribuciones, Muropublic, Grupo Universal, Saati, Zafitex-Maya, Guillén Ferrero, Tu Dirás, Victor Andújar Maquinaria, 3DWorld, 333 Colors, Distribuciones Boral, STI-Card, Heliotextil, Konfiwear, Siesa, Plastgrommet, Lasit Láser Ibérica, Evolution Digital Technology, and Colop Marking Solutions**. They will present innovations in embroidery, sublimation, DTF, and textile printing, among other techniques and applications. Visitors will also find materials, consumables, and substrates from **Oedim, Plasticos Carrera, Plásticos Dão, Vinil Shop, Madeira, Fedrigoni Self-Adhesives (Co-Exhibitor), Arlon Graphics (Co-Exhibitor), Soif, AOE Plastics and Dicavesa**, among others, offering solutions for every stage of production.

The exhibitors dedicated to illuminated communication, outdoor signage, retail solutions, labeling, online printing services, software tools, robotics, ERPs, and other related services include **Abitec Tecnología, Apil, Adivin Banderas, Banderas VDK, Idealplas, Imazu, Inglet, Javier Herranz, Banderas Puerta de Hierro, Automatic Letter Bender, Condair, Photo Center 3D, Dataline, Equymelt, Labelys, Imagid Lab, Mobile Light Box By Matrix Frame, PLVdisplay, Pro Media Plus, Ecotex Digital, Soyang Group, Modular Signs, PuntoQpack, Impretienda, Print.com, Onlineprinters, Srflyer, and Realisaprint.**

Completing the exhibitor lineup is a representation of associations, media, and professional services committed to the future of visual communication and printing, including **Fespa España Asociación, Aseigraf, Neobis, Aserluz, AP Digitales Interempresas, Alabrent, and Prosign.** These organizations provide information, support, advice, and strategic connections within the industry.

With these participants, and more to confirm in the next weeks, C!Print Madrid 2026 reaffirms itself as the must-attend event for professionals in the sector at the beginning of the year. Registration is now open on the new official website, where visitors can secure their entry, plan their visit, and discover the innovations that will define the year.

**About C!Print Madrid:** Organized by SC6 Organización y Comunicación, a subsidiary of the international group Infopro Digital Trade Shows, C!Print Madrid is a professional event dedicated to the printing, visual communication, and personalization industries. Since its first edition in 2014, it has become the annual meeting point for showcasing technological innovations and trends in large- and small-format digital printing, textile printing, cutting, finishing, signage, POS, display, wrapping, software, ERPs, print packaging, robotics, and online printing solutions, among others. Known for its dynamism, the event features unique content spaces each year, such as the Plug&Play personalization workshop, the C!Wrap area, and a rich program of conferences and workshops.
